

DSA Webinar

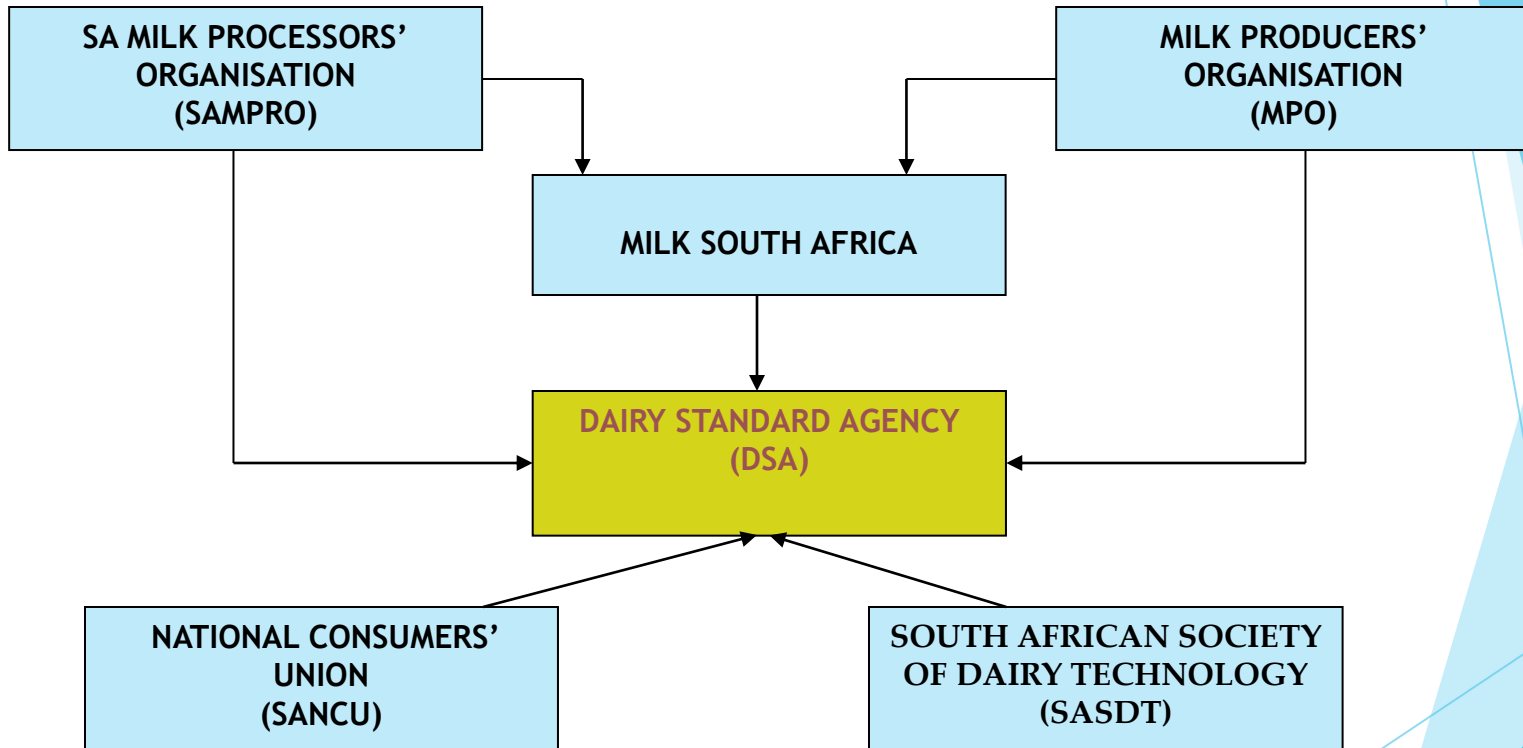

Topic: Dairy Labelling

10 November 2021

Jodie Treu
DSA Technical Manager

DSA in context of the structure of Milk SA

Regulatory requirements and the dairy industry

- ▶ The philosophy of new food legislation and voluntary standards.
- ▶ Establish, implement, and monitor.
- ▶ Labelling is a reflection of product integrity.

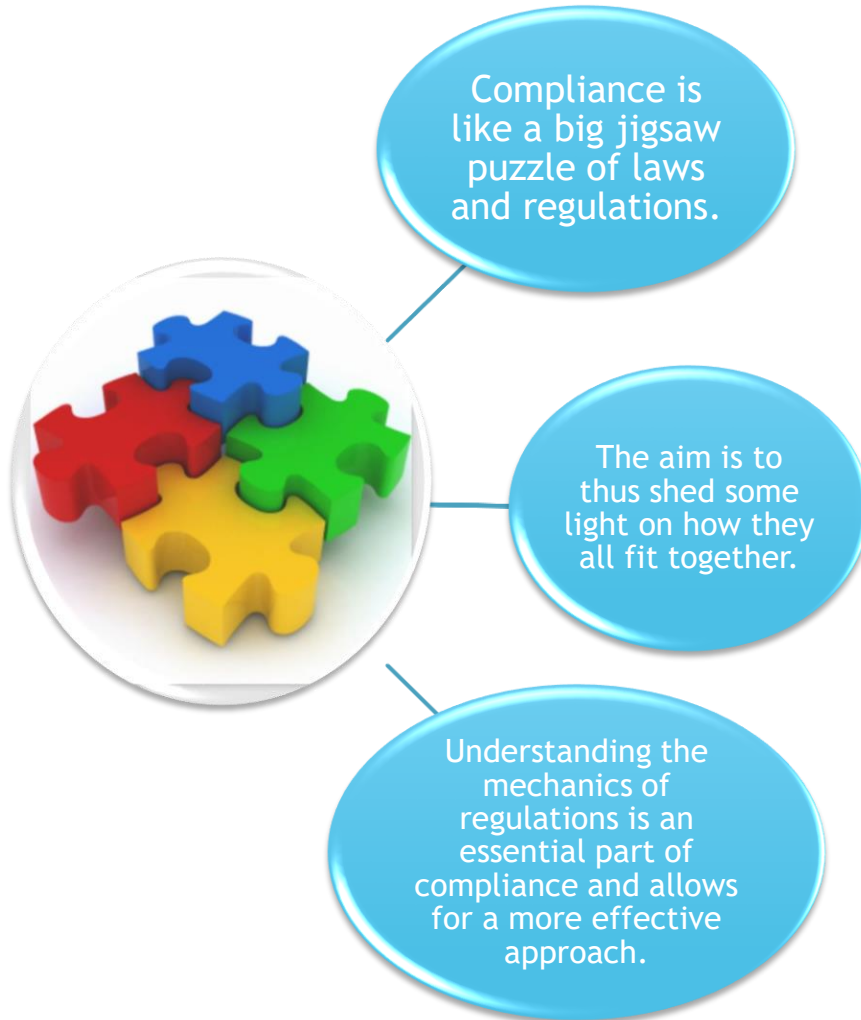

Regulatory Environment

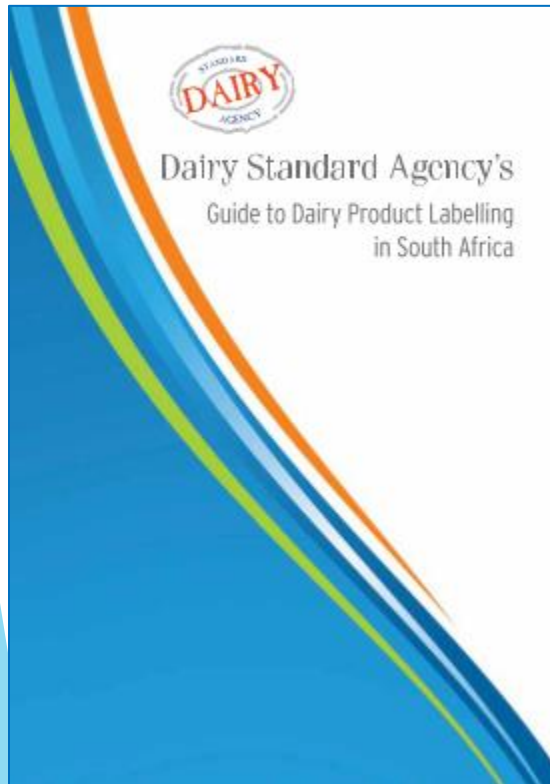

- ▶ **DALLRD - Regulation 1510: 22 November 2019**
 - ▶ Regulations relating to the classification, packing and marking of dairy products and imitation dairy products intended for sale in the republic of South African.
- ▶ **DOH - Regulation 146: 1 March 2010**
 - ▶ Regulations relating to the labelling and advertising of foodstuffs.
- ▶ **SABS - SANS 289: 2016**
 - ▶ Labelling requirements for prepackaged products (prepackages) and general requirements for the sale of goods subject to legal metrology control.

Compliance

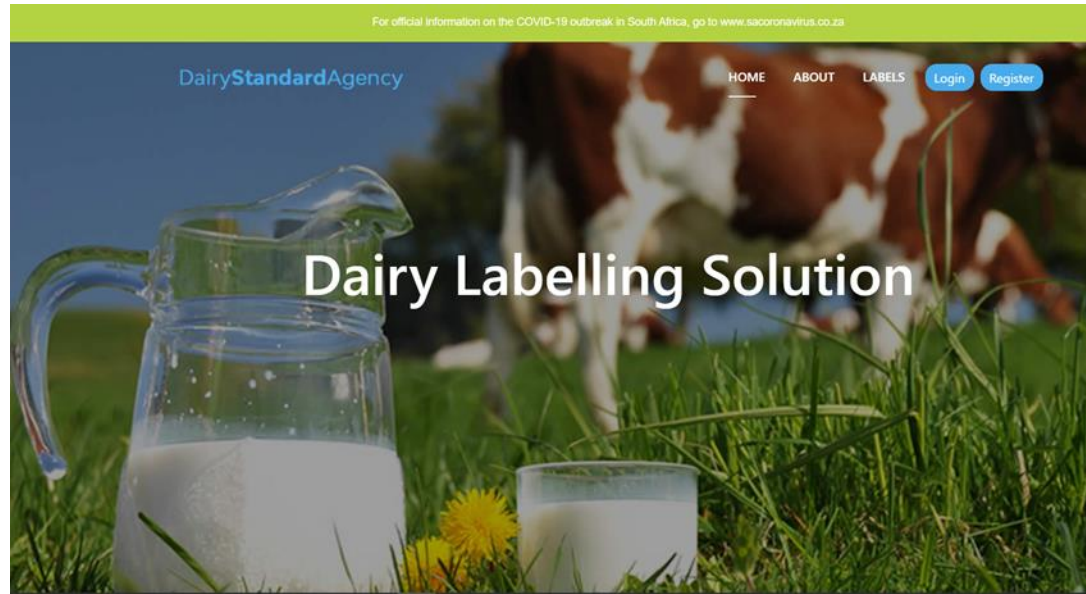

Evolution of Product Labelling

Class Designation

Class Designation

[Regulations](#)

[Checklist](#)

Class Designation

Table 1, Column 2 or 3

Dairy products shall be classified in accordance with the classes specified in column 2 or the alternate class designations (where applicable) as specified in column 3 of Tables 1 to 21 for the type of dairy product concerned

Regulation 1510:3(1)

Requirements for containers and outer containers

No outer container shall contain more than one class of dairy product or imitation dairy product, irrespective whether those dairy products or imitation dairy products are packed therein separate containers.

Regulation 1510:25(2)

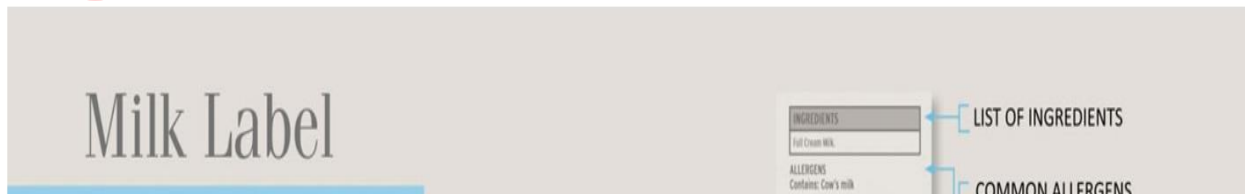

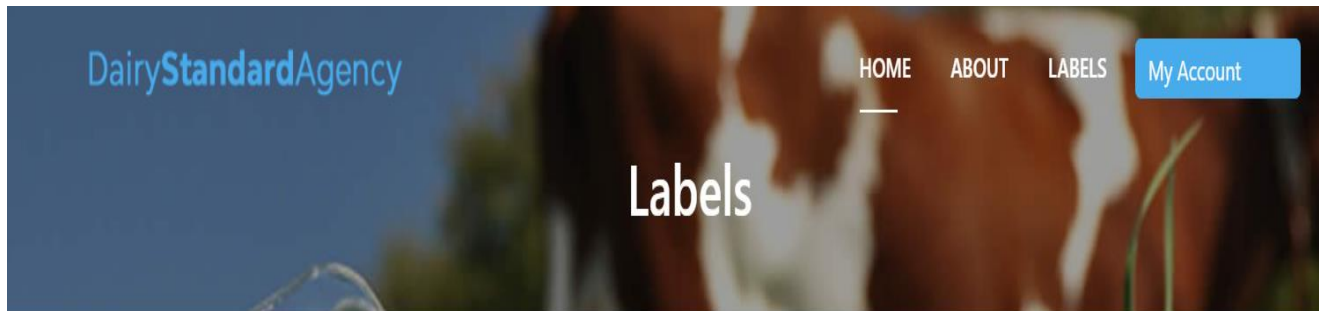

Marking of containers and outer containers

The container of a dairy product or an imitation dairy product shall be marked with the following particulars:

a) The class designation and where applicable, the additions to the class designation, as specified in regulations 27 and 28 respectively, in letter of the same type, size, colour and font, prominently on at least one main panel in a letter size of at
