

SUPPLIER DIRECTORY

2022

The Food Risk Forum Supplier Directory combines the best of both worlds, bringing you a Print Directory full of key contacts in the food industry PLUS an online Directory which is constantly updated.

3,000 copies of the Directory will be printed and distributed in the first quarter of 2022 to key decision makers and stakeholders in the food industry. In addition to this, your listing will be hosted on the Food Focus website, benefitting from thousands of monthly website visitors, and our ongoing marketing strategy.

We are also including a section just for Training & Consulting, supported by Foodemy, our new online Training Directory.
